

Chloe Choi -- Letter of recommendation worksheet -- fall 2010

In the 4B Advanced Pre-calculus, every single one is involved, and deemed as a valuable member of the class. Students suggest alternate ways to a problem, pose questions, and provide explanations. In such way, we share our knowledge of math. I, as part of such well-rounded community, has greatly enjoyed the learning process, and tried my best to contribute to the class by helping classmates understand the concepts, and demonstrate their abilities...
